### TUESDAY, JULY 13, 1880. WHIST

A POSTICAL MANUAL OF AUTHORITY.

Wilkee's Spirit of the Times says for the young lady went to the park and Whist there is nothing so good as the chyming rules, first published in "Pole on Whist" and we surrender space for their reproduction.

If you the modern game of Whist would know.

From this great principle its precepts flow: Treat your own hand as to your part-

ner's joined, And play not one alone, but "both combined."

Your first lead makes your partner un-

let the "Queen," precede; In other cases you the "lowest" lead.

Ere you return your friend's your "own" ault play,

But "trumps you must return without delay."

When you return your partner's lead, take pains To lead him back the "best" your hand contains.

If you received "not more than three" at first; If you had more you may return the

worst. But if you hold the "master card," you are bound

In most cases to play it "second round." Whene'er you want a lead, 'tis seldom

wrong To lead "up to the weak," or "through the strong,"

If second hand, your "lowest" should be played,

Unless you mean "trump signal" to be made, Or if you're "King or Queen," or "Ace or water-pepper, Jamaica ginger and

Mind well the rules for "trumps"-you'll often need them :

When you hold fire 'tis always right to lead Or if the lead won't come in time to you, Then signal to your partner so to do.

Watch also for your partner's trump request. To which "with less than four," play

Luxurious Leadville Ladies. The Leadville ladies must be a luxurious lot from the following, in the Chroniele of that city : "There was a time when rich men's wives and daughters in New York and other cities on the Eastern without making it look suspicious. frontier used to be richly dressed. This was during and immediately after the war. The other day a large consignment of the costly jewels worn by the New York social belies during the times that were good, came to Leadville to be sold. Such consignments have been common in the last few weeks. Through reverses in fortunes the high-toned ladies of New York are compelled to sell. Through great and unexpected prosperity the ladies of Leadville think they must buy, and to hear of Mrs. So and So, or Miss the daughter of one of the Rogers' Tripple Plated Kittle Krocker mine owners, paying two er three thousand dollars for a pair of ear rings or four thousand dollars for a mair of bracelets, or two thousand for a Merriden Co's Casters, Cake Baskels, &c. finger ring, is nothing uncommon. One bouse in this city is now wholly engaged in bringing to Leadville the most coatly lawels that can be found in the eastern markets, and during the sesson now at kand there will be ball-room seenes in

Leadville that will dazzle. A New York city "masher" was made pretty sick the other day. He saw a eretty Newark girl shopping on Broadway, wrote her a note asking acquaintance, and had it delivered while she sat in the Jersey City depot waiting for a train for Newark. She took it home unopened, and gave it to her father, with whom she took counsel as to the best means of exposing the youth.
